## Ready to Read is...

A program for early readers who are having difficulty with the component skills required to read at a Senior Kindergarten/Grade One Level.

The National Reading Panel (2001) reported 5 areas of reading instruction that are crucial in the development of reading skills:

- ◆ Phonemic Awareness
- ◆ Phonics/Letter Sounds
- ◆ Expanding Vocabulary
- ◆ Reading Comprehension
- ◆ Reading with Fluency

This literacy group is lead by our Speech-Language Pathologist and is designed to incorporate all 5 areas of reading instruction in a fun-filled program!

## Who?

### Children ages 5 and up!

While this is a group environment, your child's individual skill development is important to us.

Our Speech-Language Pathologist will determine individualized goals for your child, and will ensure that he/she has an opportunity to work on these goals each week.

This group is designed to enhance literacy development in a fun and supportive environment. It is our aim to increase your child's skills, as well as his/her self-confidence while participating in this group.
