To register for any of our programs,
or for more information:

519.886.8886

1.888.372.2259

firefly-info@kidsability.ca

Registration Opens:

Monday January 30th, 2012

Registration Closes:

Friday March 2nd, 2012

No specific diagnosis is required to
register for Social Discovery.

An intake questionnaire and brief screening will be completed
at the time of registration to determine if this group is a good
fit for your child, and to help our therapists tailor the
program.

Social Discovery

An advanced social skills group!

*Come meet new friends while learning
how to be a 'social detective'*

kidsability.ca

Social Discovery is...

An opportunity for children to learn abstract social concepts in a hands-on environment. The group leaders will facilitate opportunities to practice these advanced social skills within fun activities that are relevant and motivating to the children in the group.

Our staff is caring and approachable, and will work with you to tailor the group to your child's needs.

"[I liked] the opportunity to be part of a group surrounded by 'like-minded' kids and patient, knowledgeable instructors."

- Parent of child who attended Social Discovery.

Who?

Children ages 7-11

We recognize that all children at this skill level have slightly different goals—the high ratio of staff to children will enable the group leaders to modify and individualize goals so that each child benefits from this group.

This program is structured to meet group AND child-specific goals.

Please pack a nut-free snack and drink for your child each day!

Cost:

\$520

(Additional fee for the optional half-day camp)

When?

March Break 2012
March 12th— March 16th
(Monday through Friday)

9:00am—11:30am*

* Ask about the availability of our fun half-day camp option to be provided each afternoon for an additional fee. This will include swimming in the KidsAbility indoor pool!

Please remember to pack a nut-free lunch and drink for your child if he/she will be attending the afternoon camp.

Skills we will cover:

Recognizing how people feel, non-verbal communication and body language, gestures, tone of voice, personal space, emotions, conversational skills, and more!
