Does your child struggle with the  
complexity of social skills?

## Social Discovery Summer Camp

Come meet new friends while  
learning how to be a 'social detective'

[www.kidsability.ca](http://www.kidsability.ca)

## Who?

Children ages 7-11

## Social Discovery is...

*\*An intake questionnaire will be completed with parents/caregivers during registration to determine whether this group is a good fit for your child.*

An opportunity for children to learn abstract social concepts in a hands-on environment. The group leaders will contrive opportunities to practice these advanced social skills within fun activities that are relatable and motivating to the children in this group.

We recognize that all children at this skill level have slightly different goals, and the high ratio of staff to children will enable the group leaders to modify and individualize goals so that each child benefits from this group.
