

Riding the School Bus

I can ride the school bus!

I will walk with mommy to the bus stop. When I get to the bus stop,
I will see my friends there.

When my bus arrives my friends and I will get on the bus.

My bus driver's name is _____. She will say "hi" to me and my friends. My bus driver is really nice.

I can sit in the first seat on the bus. If I want, I can look out the window.

My bus will drive me to my school.

The bus will stop and a teacher will help me to get off the bus.

I will have a happy day at school. After school, I take the bus home,
to see mommy and daddy!
