

Traffic Safety

School Bus Drop Off

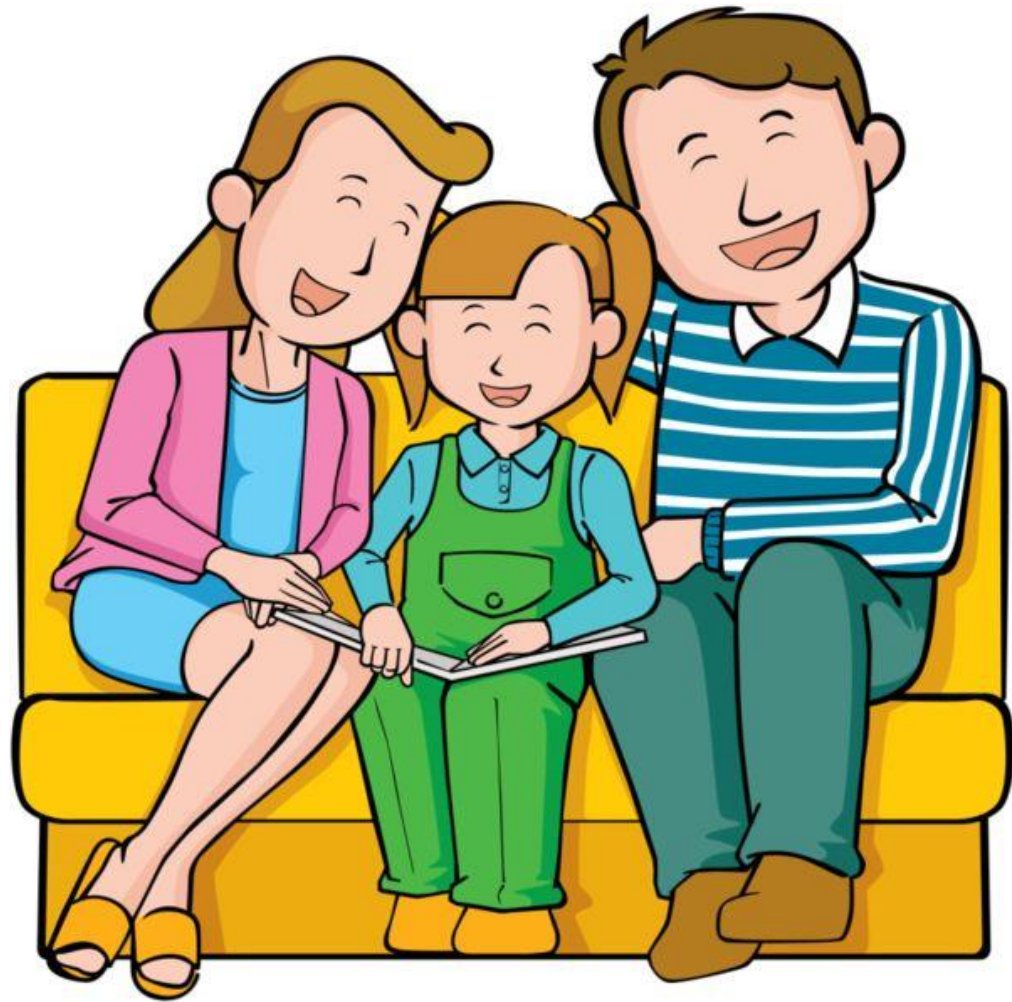

When the bus drops me off, I have to walk to my house.
Even though it is a short walk, it's important that I stay
safe!

Cars drive very fast on the street, and they can hurt me if I get in their way. To be safe, I should look and listen when I get off the bus. If I see or hear cars I should wait.

I can only cross the street when there are no cars coming. If there is a Crossing Guard, I will cross the street with them.

Being safe makes my mom and dad happy! It makes me happy too!
