

YOUR GIFT – A CHILD’S FUTURE

The KidsAbility Legacy Society recognizes the visionary commitment of our legacy donors. We invite all of our donors who have left legacy gifts to KidsAbility Foundation in their Will or financial plans to become members of this society.

Our donors are often excited to learn that they are able to leave a legacy gift to KidsAbility while also providing for their loved ones.

Legacy Society benefits include:

- Special mention in our Annual Report as a member of the KidsAbility Legacy Society;
- Invitations to exclusive KidsAbility Foundation events;
- Acknowledgment at our annual Donor Appreciation event

The KidsAbility Legacy Society demonstrates the significance of a legacy gift to KidsAbility and encourages others to consider their legacy. Through the support of our legacy donors, KidsAbility will continue to be a place of hope in our community where potential is realized.

We realize that some donors do not wish to be publicly recognized for their gifts and may wish to remain anonymous. It is helpful for us to know if donors have included KidsAbility in their legacy plans so that we can ensure that all of their future wishes are met while respecting their anonymity.

For more information on joining KidsAbility Legacy Society, please contact:
